

SAURABH SINGH CHAMPAWAT

Poornima University - 302022 • 9079813114 • 2024btechaidssaurabh18527@poornima.edu.in

CAREER OBJECTIVE

I am currently pursuing B.Tech in Artificial Intelligence and Data Science from Poornima University, Jaipur. I am a hardworking and motivated student with a strong interest in technology, data science, and problem-solving. I enjoy working in teams, taking leadership responsibilities, and contributing to projects that create real-world impact.

I am always eager to learn new skills, improve my knowledge, and grow both technically and personally. I believe in teamwork, dedication, and continuous learning, and I aim to use my skills to contribute positively to an organization and achieve professional growth.
